

PROCLAMATION  
OF  
The Kingdom Assembly of Iran

24 Farvardin 6372 (12 April 2008)

On Saturday 24th Farvardin 6372 (April 12, 2008), the brave Soldiers of Anjoman-e Padeshahi-e Iran {the Kingdom Assembly of Iran} attacked a terroristic organization center, Basijis and Pasdaran, of the Islamic regime in Shiraz. In this attack some were killed and a big number got injured.

The Kingdom Assembly of Iran is determined to free Iran from the ruthless Islamistic rulers. For more than one year we were warning the terroristic organizations like Pasdaran and Basijis to stop supporting the ruthless Islamic regime and stop suppressing Iranians.

Tondar {the series of operations against terrorist organizations in Iran} is starting the second round of operations. There is no mercy for those supporting the anti-Iranian Islamic regime. They will have the same faith of those perished today.

To those, standing in the way of Freedom, Prosperity and Liberation of Iran, we are warning you, stop putting your lives or the lives of your family members at risk by supporting those corrupt mullahs. Join the Soldiers of Cyrus the Great and Dariush.

We call upon all Iranians to join the Tondar operations that will Free Iran from the 1400 years of Islamic atrocities in Iran.

Long live Iran

Anjoman-e Padeshahi-e Iran
